

Title	The Mixed Classroom Approach in Online Education
Language	English
Workshop or lecture?	Interactive Lecture
Short description of content	<p>The VU Mixed Classroom Educational Model is an educational approach that builds upon differences to enrich the learning experience for students. In this lecture, you will get to know the history of the approach, the educational model, and its workshops. The last year required much flexibility from teachers and students. The transition to online education has been abrupt and makes us rethink our traditional lectures and tutorials. How do we transfer the inclusive phases of this approach into an online classroom? The lecture will also provide concrete online learning activities to each strategic phase.</p>
